Art in Action

Drop into the Imagination Station to take part in a hands-on art experience that will be physically active in some way. Action art incorporates a child's natural need for activity with the important need for creativity. The process is what is most important, but you will have a cool product to take home with you too.

Build a Cardboard Mini Fort

Use our cardboard shapes, tape and glue to make 3D mini forts to take home!

Build a Shelter

Receive a set of materials to build a shelter that can resist a rainfall. What materials are the most rain resistant? Test with our water droppers and find out!

Build It Challenge

Take one of our weekly engineering challenges using different materials each time!

June 1- Discovery Ramps

Use our wooden balls, ramps and PVC pipes to experiment with physics and gravity.

June 2- Cup Towers

Use cups to build towers and formations. How tall can your tower go?

June 29- Unsinkable Ships

Can you make a ship with given materials that can withstand a tsunami? Tinker and test to make the best ship you can.

June 8 & 16- High Flyer

Discover airflow and create with given materials to make an object that flies or hovers.

June 15 & 23- Building Bridges

Use a set of materials to build a bridge that can withstand a certain weight.

June 22- Give Me Shelter

Use a set of materials to construct a mini shelter that can resist a rainfall.

June 30- Straw Construction

Use straws and connectors to create shapes and forms developing spatial and motor skills.

Cup Towers

Use cups to build towers and formations. Will you build a fort? An igloo? A tower? How tall can your tower go?

Drinking Straw Construction

Use our straws and connectors to create flat or 3D shapes and forms. Develop creative thinking, spatial and motor skills as you engineer structures big or small.

Engineering with Straws & Dough

Be a play dough architect by creating 3D formations using drinking straws and play dough. What will you engineer?

Foam Block Builder

The Imagination Station is your construction site as you build with our realistic looking foam planks, pavers, bricks and masonry. Let's get building!

Program Descriptions

Green Bay Kids' Day

Visit www.greenbaywi.gov for more information about the city's Green Bay Kids' Day.

Kindness Rocks Story Time

Join author, Stepheni Curran, for a reading of her new children's book, "Rock On, Kindness! Pass It On!" Learn about how you can spread happiness to others and even paint a rock of your own. *Signed books will be available for purchase.*

Painting & Pizza

Drop off your little artists for a night of painting with a break for PIZZA! During this two-hour program your child will create "Catching Fireflies" on canvas for décor or a gift for someone special. Parents are welcome to take the class with their children, but all of those participating must be registered and paid.

Members- \$20/ No-Frills & Non-Members \$25

Register on our website: www.gbchildrensmuseum.org

Play Day Yoga

Take an hour-long yoga class led by a certified yoga instructor while your children play! Relax and exercise while museum staff supervises your children. (Children must be at least 2 years old). Visit our website for pricing. Full Museum Members are FREE.

Pint-Sized Picassos

Paint a masterpiece in our Imagination Station! Open painting is available on our art easels.

Pop-Up Programming

Drop in for a surprise, pop-up engineering program for all ages!

Recycled Art Studio

Let your imagination run wild by creating and inventing. Use recycled items and our featured art supplies to make a real work of art.

Rock Painting

Join us in the Imagination Station to paint a rock as part of the "Rock On, Kindness! Pass it On!" Story Time. Help us spread kindness and happiness throughout Green Bay by painting your own rock to hide.

Wee One Hour

Join us for thematic stories, songs, craft projects and activities tailored to our "wee ones" **ages 5 and under**. Meet in the Imagination Station for story time, followed by a craft.

Wiggle, Move and Giggle

Dance, sing and move with your toddler. Join this playful program full of games, music and movement activities. Move and groove while learning about colors, shapes and numeracy. It's bound to get you and your toddler wiggling and giggling.

Art in the Afternoon (Registration required- ages 5-11)

Color Your World- Using basic color theory, discover the power of the rainbow by making art with real pizzazz!

\$75 (Non-Member/ No-Frills Member)

\$60 (Museum Member)

STEM Camp (Registration required- ages 6-10)

Gadgets & Gizmos Camp- Does your child love building gadgets that move? Campers will be able to construct cool gadgets with Legos that really move as well as gizmos from recycled materials. Build a spin art maker, paper crinkler, optical illusion spinner, fidget spinner, and more! All campers will design and take home a Lego mini figure on the last day of camp.

\$120 (Non-Member/ No-Frills Member)

\$100 (Museum Member)
